

### **TechSkills Charlotte announces new location with Open House event on February 13**

*Larger, state-of-the-art facility will serve more students in Charlotte*

**Charlotte, North Carolina – February 12, 2007** – TechSkills, LLC announced today the Grand Opening of its new campus location, at 4421 Stuart Andrew Boulevard, Suite 100, Charlotte, NC, 28217.

The new TechSkills campus is located just off 77 and Tryon, in first floor of the Atrium building. It is easily accessible via public transportation, with a bus stop directly across Stuart Andrew Boulevard. The facility features expansive training areas for its IT, Health Services and Business Skills curricula, separate hands-on lab areas, classrooms for small group sessions, and a student break room. A café is directly across the lobby from the campus.

“We are very excited about our new campus,” said Jeff Miller, TechSkills’ Charlotte Campus Director. “To meet the growing demand for TechSkills programs, this 5,500 square foot facility is nearly 40% larger than our previous location. We look forward to helping more students than ever to build new skills, increase their earning power, and advance their careers.”

To celebrate the Grand Opening, TechSkills will host an Open House event on Tuesday, February 13 from 11:00am to 7:00pm. Local businesses, staffing firms, government agencies and TechSkills alumni will participate in a series of presentations and workshops. Food and refreshments will be provided for all attendees. The event schedule is as follows:

11:00am - 1:00pm - Luncheon

1:00pm - 3:00pm - Guest Speakers

3:00pm - 5:00pm - Instructor Presentations/Q&A

5:00pm - 6:00pm – Résumé/Career Workshops

6:00pm - 7:00pm – Student/Alumni Testimonials

This event is free and open to the public, but space is limited. Interested attendees can reserve their place by calling Jeff Miller at (704) 357-0606.

### **About TechSkills**

Founded in 1999, TechSkills is a nationally recognized innovator in technical education specializing in vocational skills and certification training for IT, Healthcare and Business careers. The Company operates over 30 campuses across the country using its unique Facilitated Learning Method, which combines the best elements of traditional classroom-based education, the latest online learning methodologies, and extensive hands-on skill building. TechSkills has over 40,000 active students and alumni. TechSkills' Charlotte campus is state licensed by the North Carolina Community College System, and has been nationally accredited by the Accrediting Council for Continuing Education and Training (ACCET). TechSkills is committed to providing innovative, affordable, life-changing education for each of its students.
